FROM THE COORDINATING COMMITTEE

The North Carolina PPC Coordinating Committee is hard at work with planning, outreach, speaking, writing, social media, and more! In September, more than twenty members of the Committee met for a day-long work retreat. In October, a delegation of our members also attended the North Carolina Truth, Justice, and Reconciliation Commission in Greensboro.

In our recent Coordinating Committee meeting, we scheduled a training with national leaders to prepare for next year's Mass Assembly in Raleigh on March 2nd. The committee also focused on expanding its membership and reaching out to new potential members.

Coordinating Committee Members met in September at the Beloved Community Center.

Are you interested in mobilizing your community for the March 2nd Mass Assembly at the Capitol? Want to help in other ways? Email us to let us know!

DID YOU KNOW?

In North Carolina, a household with two adults and two children needs to earn over $25 an hour just to meet its basic needs. The current minimum wage is $7.25 an hour. It would require over 100 hours of work per week at those wages to afford a basic two-bedroom apartment.

100+ HRS PER WEEK
