FROM THE COORDINATING COMMITTEE

December is a month where North Carolinians of many faith traditions plan to celebrate holidays with family and friends. As we do this, it is important to reflect on the core moral values that sustain us in the fight for justice in our state, our nation, and around the world.

With this in mind, the Coordinating Committee will meet on December 17 to map its plan for the Mass Poor People's and Low-Wage Workers' State House Assembly in Raleigh on March 2, 2024. We will join with states across the nation to tell our elected officials that we will not be silent anymore!

Are you interested in mobilizing your community for the March 2nd Mass Poor People's and Low-Wage Workers' State House Assembly? Want to help in other ways? Email us to let us know!

DID YOU KNOW?

This past Sunday, December 10, marked the 75th anniversary of the Universal Declaration of Human Rights. In 1948, a UN Committee chaired by Eleanor Roosevelt proposed the declaration, and 48 nations voted in favor. Since its adoption, the UDHR has served as a model for human dignity, liberty, and equality.

HUMAN RIGHTS 75

Among the universal rights in the UDHR are healthcare, food, housing, and security while unemployed.
